## What Services Do We Offer

### Specialist Nursing

- We are a specialist Nursing Service for children and Young People with Continuing Care Needs from the ages of 0 -18 years with an Enfield GP.
- We provide Specialist assessments using the National Framework for Children and Young People with Continuing Care Needs making recommendations for additional support at home , school or in the community.
- We liaise with Health Commissioners and Agency Providers who provide packages of care , and case manage children and young people eligible for additional support.

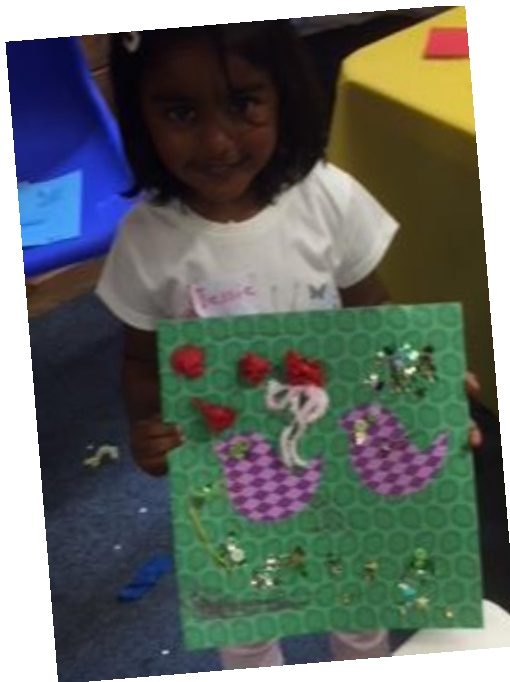

## Bereavement and Play Services

- 3 hours play visits include meeting the Child and Young person providing therapeutic, sensory and developmental play activities to explore any problems and anxieties concerning their health needs.
- One to one bereavement support for Children and Young person who have had a sibling or parent die.
- Sibling groups every school holidays, offering a fun and safe spaces where the sibling can talk with staff and peers about their home life and worries
- Families party's where the families on our case load can come together to meet and build memories.
- Yearly Memory day for our families who have been bereaved and any other bereaved Parents of Enfield Children and Young People.

## Multi Agency Working

- Specialist Nursing, Bereavement and Play Team work cross Agency supporting the Children and Young People.
- Specialist Nurses sit on Specialist Children's Panels as part of the Joint Service for Disabled Children in Enfield.
- The Panels are a decision making forum for CYP who require additional support over and above what is available in the Local Offer.
- MDT working also includes
- Special Schools, Social Care, Nursery Staff, Therapists, Local Paediatricians, Specialist Paediatricians, Children's Hospices .
- CYP with CHC needs and packages of care have regular Team Around the Family Meetings to ensure holistic coordinated care.
