

# We are looking for...

**Family carers who have lost a loved one  
with a learning disability and/or autism to  
take part in a focus group.**

## About this project

Autistic people, people with a learning disability or both experience poorer physical and mental health than other people.

We want to understand why, and what can be done to help.

We are holding a focus group with people who have cared for and lost a person with a learning disability, autism or both.

This will help us to make recommendations about the key actions that the NHS can take to improve the health and wellbeing of autistic people and people with a learning disability.

This project has been commissioned by NHS England and Improvement.

## We are looking for people who:

- Would like to share their experiences
- Can help us identify how services can be improved

**Date:** Monday 17<sup>th</sup> January 2022

**Time:** 10am – 12pm including a break

**Location:** Online on Microsoft Teams

**Remuneration:** £50 voucher (for non-NHS staff)
