Hearing the Voice of the child and young person

Our Voice has teamed up with the school age Speech and Language team to offer this free workshop which will include:

- An introduction to 'talking mats*' – a tool to find your child's voice.
- An update on Enfield's Speech and Language Therapy Services from the Manager of Services to School Age Children.
- An opportunity to discuss issues and concerns you may have regarding your child's speech and language.

* 'Talking Mats' are part of a toolkit to enable children with communication difficulties, to voice their wishes and aspirations. The toolkit will support professionals and parents to hear the child's voice. You can see a video explaining talking mats and download resources, at www.beh-mht.nhs.uk/videos.htm
